Supervised Clinical Experience

Note: The clinical experience requirements in this section are preloaded from the prior year's IPRC. Teacher preparation providers will enter the number of participants each year.

Provide the following information about supervised clinical experience in 2024-25. ([§205\(a\)\(1\)\(C\)\(iii\)](#), [§205\(a\)\(1\)\(C\)\(iv\)](#))

Are there programs with student teaching models?

- Yes
 No

If yes, provide the next two responses. If no, leave them blank.

Programs with student teaching models (most traditional programs)

Number of clock hours of supervised clinical experience required prior to student teaching

Number of clock hours required for student teaching

Are there programs in which candidates are the teacher of record?

- Yes
 No

If yes, provide the next two responses. If no, leave them blank.

Programs in which candidates are the teacher of record in a classroom during the program (many alternative programs)

Number of clock hours of supervised clinical experience required prior to teaching as the teacher of record in a classroom

Years required of teaching as the teacher of record in a classroom

If there are no programs with a student teacher model or teacher of record model, please describe the teaching model(s) used:

The following pertains to "one-year residencies" that are offered for Traditional candidates under the direct supervision of certified teachers. One semester of student teaching is no longer an option in Louisiana. The Louisiana Board of Elementary Education's Bulletin 996: Standards for Approval of Teacher Preparation and/or Educational Leader Preparation Programs states that all Traditional Teacher Preparation Programs must have candidates complete a one-year residency in a public or approved non-public school classroom in the certification area with a teacher of record who holds a valid level 1, 2, 3, type A, or type B teaching certificate in the area for which the candidate is pursuing certification. For certification in B-K, PK-3, 1-5, or 1-5 integrated to merged, candidates must spend a minimum of 80 percent of the residency school site's instructional time each week engaged in residency activities. For certification in K-12, 4-8, 6-12, 4-8 integrated to merged or 6- 12 integrated to merged, candidates must spend a minimum of 60 percent of the residency school site's instructional time each week in the first semester and 80 percent of the residency school site's instructional time each week in the second semester engaged in residency activities. Teacher preparation providers may seek approval to offer an innovative residency model that does not meet the minimum instructional time requirements but meets a specific workforce need and includes high-quality clinical experiences throughout the program and intensive clinical experiences throughout the residency year. The University of Louisiana at Lafayette has been approved for an innovative model. Traditional undergraduate candidates must spend a minimum of 40 percent of the residency school site's instructional time each week in the first semester and 100 percent of the residency school site's instructional time each week in the second semester engaged in residency activities.

Teachers Prepared

On this page, enter the number of program completers by the subject area in which they were prepared to teach, and by their academic majors. Note that an individual can be counted in more than one academic major and subject area. For example, if an individual is prepared to teach Elementary Education and Mathematics, that individual should be counted in both subject areas. If no individuals were prepared in a particular academic major or subject area, you may leave the cell blank. Please use the "Other" category sparingly, if there is no similar subject area or academic major listed. In these cases, you should use the text box to describe the subject area(s) and/or the academic major(s) counted in the "Other" category.

If your IHE offers both traditional and alternative programs, be sure to enter the program completers in the appropriate reports. For the traditional report, provide only the program completers in traditional programs within the IHE. For the alternative report, provide only the program completers for the alternative programs within the IHE.

After entering the teachers prepared data, save the page using the floating save box at the bottom of the page.

Teachers Prepared by Subject Area

Please provide the number of teachers prepared by subject area for academic year 2024-25.

For the purposes of this section, number prepared means the number of program completers. "Subject area" refers to the subject area(s) an individual has been prepared to teach. An individual can be counted in more than one subject area. If no individuals were prepared in a particular subject area, please leave that cell blank. ([§205\(b\)\(1\)\(H\)](#))

What are CIP Codes?

No teachers prepared in academic year 2024-25

If your program has no teachers prepared, check the box above and leave the table below blank (or [clear responses already entered](#)).

What are CIP codes? The Classification of Instructional Programs (CIP) provides a taxonomic scheme that supports the accurate tracking and reporting of fields of study and program completions activity. CIP was originally developed by the U.S. Department of Education's National Center for Education Statistics (NCES) in 1980, with revisions occurring in 1985, 1990, and 2000 (<https://nces.ed.gov/ipeds/cipcode/Default.aspx?y=55>).

Teachers Prepared by Academic Major

Please provide the number of teachers prepared by academic major for academic year 2024-25. For the purposes of this section, number prepared means the number of program completers. "Academic major" refers to the actual major(s) declared by the program completer. An individual can be counted in more than one academic major. If no individuals were prepared in a particular academic major, please leave that cell blank. ([§205\(b\)\(1\)\(H\)](#))

Please note that the list of majors includes several "Teacher Education" majors, as well as several noneducation majors. Please use care in entering your majors to ensure education-specific majors and non-education majors are counted correctly. For example, if an individual majored in Chemistry, that individual should be counted in the "Chemistry" academic major category rather than the "Teacher Education–Chemistry" category.

Program Assurances

THIS PAGE INCLUDES:

>> [Program Assurances](#)

Respond to the following assurances. Teacher preparation programs should be prepared to provide documentation and evidence, when requested, to support the following assurances. ([§205\(a\)\(1\)\(A\)\(iii\)](#); [§206\(b\)](#))

Program Assurances

Note: This section is preloaded from the prior year's IPRC.

1. Program preparation responds to the identified needs of the local educational agencies or States where the program completers are likely to teach, based on past hiring and recruitment trends.

- Yes
 No

2. Preparation is closely linked with the needs of schools and the instructional decisions new teachers face in the classroom.

- Yes
 No

3. Prospective special education teachers are prepared in core academic subjects and to instruct in core academic subjects.

- Yes
 No
 Program does not prepare special education teachers

4. Prospective general education teachers are prepared to provide instruction to students with disabilities.

- Yes
 No

5. Prospective general education teachers are prepared to provide instruction to limited English proficient students.

- Yes
 No

6. Prospective general education teachers are prepared to provide instruction to students from low-income families.

- Yes
 No

7. Prospective teachers are prepared to effectively teach in urban and rural schools, as applicable.

- Yes
 No

8. Describe your institution's most successful strategies in meeting the assurances listed above:

Candidates receive a variety of diverse field experiences through a 3-tier system: Observation , Participation, and Yearlong Residency. During the Yearlong Residency experience, candidates must complete 490 clock hours including 180 hours of direct classroom instruction.

Annual Goals: Mathematics

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route teacher preparation program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students.

[\(§205\(a\)\(1\) \(A\)\(i\), §205\(a\)\(1\)\(A\)\(ii\), §206\(a\)\)](#)

Report Progress on Last Year's Goal (2024-25)

1. Did your program prepare teachers in mathematics in 2024-25?

If no, leave remaining questions for 2024-25 blank (or [clear responses already entered](#)).

- Yes
 No

2. Describe your goal.

Our goal is to increase enrollment by one participants in the 2024-2025 academic year.

3. Did your program meet the goal?

- Yes
 No

4. Description of strategies used to achieve goal, if applicable:

5. Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:

Goal attainment was impaired by rising tuition costs and low enrollment. We plan to continue recruitment and retention efforts which include Preview Days hosted by the University. Additionally, we plan to offer dual enrollment courses to attract more students to our programs.

6. Provide any additional comments, exceptions and explanations below:

Review Current Year's Goal (2025-26)

7. Is your program preparing teachers in mathematics in 2025-26? If no, leave the next question blank.

- Yes
 No

8. Describe your goal.

Our goal is to increase the number of mathematics students admitted to our Teacher Prep Program from 16 to 18 during the 2025-2026 Academic Year.

Set Next Year's Goal (2026-27)

9. Will your program prepare teachers in mathematics in 2026-27? If no, leave the next question blank.

- Yes
 No

10. Describe your goal.

Our goal is to increase the number of mathematics students admitted to our Teacher Prep Program to 20 students during the 2026-2027 Academic Year. (During the 24-25 school year, we have 16 mathematics students enrolled).

Annual Goals: Science

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route teacher preparation program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students.

Report Progress on Last Year's Goal (2024-25)

1. Did your program prepare teachers in science in 2024-25?

If no, leave remaining questions for 2024-25 blank (or [clear responses already entered](#)).

- Yes
 No

2. Describe your goal.

Our goal is to increase enrollment by one participant in the 2024-2025 academic year.

3. Did your program meet the goal?

- Yes
 No

4. Description of strategies used to achieve goal, if applicable:

5. Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:

Goal attainment was impaired by rising tuition costs and low enrollment. We plan to continue recruitment and retention efforts which include Preview Days hosted by the University. Additionally, we plan to offer dual enrollment courses to attract more students to our programs.

The pass rates table is populated from files provided by the testing company or state. The table provides information on the performance of the students in your teacher preparation program on each teacher credential assessment used by your state. In cases where a student has taken a given assessment more than once, the highest score on that test is used. In the case of a teacher preparation program with fewer than 10 scores reported on any single initial teacher credential assessment during an academic year, the program shall collect and publish information with respect to an average pass rate and scaled score on each state credential assessment taken over a three-year period. Use of Technology

1. Provide the following information about the use of technology in your teacher preparation program. Please note that choosing 'yes' indicates that your teacher preparation program would be able to provide evidence upon request. ([§205\(a\)\(1\)\(F\)](#))

Does your program prepare teachers to:

- a. integrate technology effectively into curricula and instruction

Yes

No

- b. use technology effectively to collect data to improve teaching and learning

Yes

No

- c. use technology effectively to manage data to improve teaching and learning

Yes

No

- d. use technology effectively to analyze data to improve teaching and learning

Yes

No

2. Provide a description of the evidence that your program uses to show that it prepares teachers to integrate technology effectively into curricula and instruction, and to use technology effectively to collect, manage, and analyze data in order to improve teaching and learning for the purpose of increasing student academic achievement. Include a description of the evidence your program uses to show that it prepares teachers to use the principles of universal design for learning, as applicable. Include planning activities and a timeline if any of the four elements listed above are not currently in place.

All students are required to complete IRED 320, Technology in the Classroom. In addition to teaching software applications in word processing, database, spreadsheets and presentation software, all students are required to complete a unit plan that integrates their certification area with technology into a classroom setting.

Teacher Training

THIS PAGE INCLUDES:

>> [Teacher Training](#)

Provide the following information about your teacher preparation program.

(§205(a)(1)(G))

Note: This section is preloaded from the prior year's IPRC.

Teacher Training

1. Provide a description of the activities that prepare general education teachers to:

a. Teach students with disabilities effectively

The conceptual and legal basis of inclusive instruction is introduced in SPED 391 which is taken by all teacher candidates. Throughout the course, instruction on the impact and influence of different impairments on a student's demonstrations of learning is discussed. Specifically, general educators are instructed on how to understand these learning behaviors in order to decode the intersection of the characteristics and the tasks demand. They receive specific instruction on the Universal Design for Learning and the fundamentals of the CAST model of UDL. All instructors require candidates to complete observations in inclusive settings which are further discussed and analyzed in class. The reading methods and math methods classes also address within their required lesson plans that students submit instructional designs that address accommodations for diverse learners in their classrooms. Teacher candidates have first hand experiences implementing these lesson plans in clinic and local school field experiences. The secondary methods class, EDCI 450, includes instruction to meet diverse learner needs including UDL. Additionally, the concepts of Response to Intervention and inclusion of students with disabilities into the instructional day is addressed. The unit plan submitted for this course must include these concepts.

b. Participate as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*.

IEP Team Participation The legal requirements of the role of the general educator are presented in SPED 391. The process, legal responsibilities, and elements are presented through lectures, use of Department of Education websites, and videos. Teacher candidates also participate in small discussion groups where they evaluate and write goals and instructional objectives for simulated scenarios. Their performances in these situations and on tests are used to measure understanding of IEPs.

c. Effectively teach students who are limited English proficient.

The instructional needs of students with limited English proficiency are embedded within the lectures of SPED 391 on understanding and working with families, understanding how behaviors are normative and determined by dominant culture, and how differences in spoken language can appear as underachievement or mask a student's true capabilities. This course also addresses the non-discriminatory assessment requirements under IDEA. Again, in this course they have discussion groups, online simulation activities, and case study scenarios to assist them in understanding how to meet the needs of these students and tests to demonstrate proficiency.

2. Does your program prepare special education teachers?

- Yes
 No

If yes, provide a description of the activities that prepare *special education teachers* to:

a. Teach students with disabilities effectively

b. Participate as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*.

c. Effectively teach students who are limited English proficient.

Contextual Information

Please use this space to provide any additional information that describes your teacher preparation program(s). You may also attach information to this report card (see below). The U.S. Department of Education is especially interested in any evaluation plans or interim or final reports that may be available.

The University of Louisiana at Lafayette offers the following Middle School Concentrations in the undergraduate program: English, Mathematics, Science, and Social Studies. The University of Louisiana at Lafayette offers two concentrations in the Music in the undergraduate program: Vocal Music Education and Instrumental Music Education. The University of Louisiana at Lafayette offers the following Foreign Language Programs at the undergraduate level: French Education and Spanish Education. Section I: Program Information: Supervised Clinical Experiences The following pertains to "one-year residencies" that are offered for Traditional candidates under the direct supervision of certified teachers. One semester of student teaching is no longer an option in Louisiana. The Louisiana Board of Elementary Education's Bulletin 996: Standards for Approval of Teacher Preparation and/or Educational Leader Preparation Programs states that all Traditional Teacher Preparation Programs must have candidates complete a one-year residency in a public or approved non-public school classroom in the certification area with a teacher of record who holds a valid level 1, 2, 3, type A, or type B teaching certificate in the area for which the candidate is pursuing certification. For certification in B-K, PK-3, 1-5, or 1-5 integrated to merged, candidates must spend a minimum of 80 percent of the residency school site's instructional time each week engaged in residency activities. For certification in K-12, 4-8, 6-12, 4-8 integrated to merged or 6- 12 integrated to merged, candidates must spend a minimum of 60 percent of the residency school site's instructional time each week in the first semester and 80 percent of the residency school site's instructional time each week in the second semester engaged in residency activities. Teacher preparation providers may seek approval to offer an innovative residency model that does not meet the minimum instructional time requirements but meets a specific workforce need and includes high-quality clinical experiences throughout the program and intensive clinical experiences throughout the residency year. The University of Louisiana at Lafayette was approved to offer an innovative residency model. The yearlong residency in our teacher preparation program requires traditional teacher candidates to spend a minimum of 40 percent (with an aspiration of 50 percent) of the residency school site's instructional time each week in the first semester and 100 percent of the residency school site's instructional time each week in the second semester engaged in residency activities.
